it's part of NEP 2020 and NCF 2023 also. From time to time Directorate of Education Delhi, CM Delhi, Education Minister and HOSs have been informed and provided the following documents issued by the CBSE for compliance (again placed herewith :-

Ground Reality

In response to our RTIs filed in 2020, 2021,

2022 and 2023 it is intimated by DDEs and HOSs from Directorate of Education Delhi, that :-

1. Legal Study subject has neither offered, nor placed in combination of subjects form in schools
2. No arrangements to aware the students have put in place in schools
3. Legal Study subject is not being taught in schools.
4. No school is nominated to teach legal studies by the DOE.
5. No temporary/permanent teachers are nominated to teach legal studies as per CBSE eligibility standard.
6. Whereas, resources are provided by CBSE in form of its directions, curriculum, syllabus, books, teachers and students in all schools. However, no initiative is taken at any level to brief/aware and add this subject in subject combination list to be offered to students.

7. It will not be out of place to mention here that legal study subject has potential to bring positive change not only in life of students as a career but also in society as a safe place to live in too.

100 स्कूलों में खासी संख्या में बच्चों ने अर्जी दी

in 100 schools hundredth of petitions (as provided by the public spirited persons) are awaiting to study legal study in their respective schools from the current academic sessions 2023-24 to save their 02 years. (List is placed)

Students Feedback. छात्रों की प्रतिक्रिया *Page 87-122, Page 123*

Our interaction with thousands of students and interview reveals the above facts. Students approaching schools to let them choose and study Legal Studies subject in schools but schools are not allowing them for the reasons best known to HOSs Directorate of Education. In some schools their applications have been accepted and in some schools due to non-receiving students have sent their application to respective HOS and Officers through email and speed post also.

What was required from School. स्कूल से क्या चाहिए था

Everything is available in form of directions, books, syllabus, teachers and mass students but what short of is WILL to do with schools under Directorate of Education to aware, offer and place it in subject/stream combination form

and impart teaching of legal studies subject in 1037 Government Schools and inform and direct other Public recognized, aided/unaided schools etc to do the same.

What Surprise Us. हमें क्या आश्चर्य है?

Page 129-130

Our efforts further surprise us when the same subject in Delhi is being taught in private public schools since 2013 which are also regulated by Directorate of Education Delhi. Further, Delhi Government has recently opened **Dr Ambedkar Schools of Specialised Education** and this subject is part of study in these schools but **not offered and taught to lacs of students studying in Delhi Government Schools** since 2013. its amount to discrimination and violation of fundamental rights of students from their academic and career building point of view and also from preventing them of being victim of crime and most important not letting our young generation to take law in their hands. .

Latest incidents in Manipur, Rajasthan and Chhatisgarh are indicative that had this subject been offered in schools at the earliest since 2013 the possibility of the persons involved in such crime reported during the intervening period of 10 years could have been prevented and ruled out.

Ignorance of law is no excuse स्कूल में बच्चो को दी गयी कानूनी विषय की पढ़ाई एक स्कूल खोलना एक जेल बंद करने के समान है इस कहावत को सच साबित करेगी समाज अपराध मुक्त बनेगा भय मुक्त बनेगा इसलिए बच्चो को स्कूल में ही कानूनी पढ़ाई का विषय पढ़ने का अधिकार देना चाहिए

समाज का कल्याण होगा

अपराध समाज में होता है एक नागरिक अपराध का शिकार हो दूसरे से हालात का शिकार हो कर अपराध हो जाता है. दोनों स्थिति में क्षति समाज की होती है इसका कारण कानून का ज्ञान ना होना है ये ज्ञान की व्यवस्था स्कूल में अपलोड है लेकिन बच्चों को कानून विषय की शिक्षा नहीं दी जा रही है। कानूनी अध्ययन और केवल समाज में सुरक्षा स्थापित करने के बाद आज के आधुनिक समय में बच्चे अपना करियर उज्ज्वल बना रहे हैं। ये लाभ सरकारी स्कूल के बच्चों को भी मिलना चाहिए।

दिल्ली महिला आयोग रिपोर्ट 1.1 कॉल प्रति सेकंड

दिल्ली महिला आयोग ने 12 अगस्त 2023 को वार्षिक रिपोर्ट का विवरण दिया कि 7 वर्ष में 40 लाख कॉल 181 महिला हेल्प लाइन पर प्राप्त हुई अर्थात 1.1 कॉल प्रति सेकंड। ये काफी है ये बताने को कि स्कूल लेवल पर कानून विषय की शिक्षा तुरत प्रभाव से देना समय की मांग है

सारांश

दिल्ली सरकार को तुरंत कदम उठाना

चाहिए Legal Study Subject अप्रैल 2013 में निर्भया मामले के बाद पेश किया गया था। हाल ही में मणिपुर, राजस्थान और छत्तीसगढ़ राज्य के मद्देनजर सभी ने अपनी चिंता व्यक्त की है और सीजेआई (CJI) ने जनहित में मामले का संज्ञान लिया है। मुझे उम्मीद है कि हमारा स्कूल, जो कानून के शासन की भावना को आत्मसात करने का मूल स्थान है, आगे आएगा और समाज को इसके लिए प्रेरित करेगा। ऐसा करने से 2013 से 2023 (10 वर्ष) के अंतराल में असंख्य बच्चों को कानून अपने हाथ में लेने से रोका जा सकता था, अगर आप ने स्कूल में Legal Studies Subject 2013 से ही बच्चों को पढ़ने दिया होता

भारत अपराध मुक्त भय मुक्त भ्रष्टाचार मुक्त और सुरक्षित राष्ट्र बनेगा

हमें आशा और विश्वास है आप के मार्गदर्शन में संचलित स्कूलों में पढ़ने वाले लाखों बच्चे इस विषय का अध्ययन करके लाभ उठाएंगे।

. धन्यवाद

Yours Sincerely
